

Colorado Hemp Education Association

Attention 2015 Hemp Growers

Act now and get your State Registration Forms to the CDA by March 15th before Fees Increase.

The New CDA Rules go into effect on March 30th, increasing hemp R&D registration fees from \$100 to \$500 dollars. A substantial increase, but Duane Sinning from the CDA stated that if registrations are in by the fifteenth, that should be enough time to process them under the old rules.

CHEA is currently looking for both greenhouse and outdoor growing space. Anyone interested should contact either Sue or Jackie ASAP so we can get you registered before fees increase.

We also need funds for seeds, estimated to cost \$200 per 100 seeds. We'd like to purchase 300 seeds which comes to \$600. Any amount you can give will be much appreciated. *Contact Sue at: peacefulgarden4u@gmail.com or Jackie at (970) 948-7793 Jackie-Chenoweth@comcast.net*

Momentum is growing for the passage of the 2015 Industrial hemp farming bill, (S.134 & H.R. 525). Keep those emails & calls coming!

Seeds

Seeds are again going to be expensive this year. Until we can build our own seed bank here are a couple suppliers to contact:
