

Colorado Hemp Education Association

Dandelion Day, Coming Up May 9th

Please join other CHEA members in helping to promote hemp at this great sustainability festival in Sopris Park.

You'll have fun and we need you at this single day event for a 2-4 hour shift at one of several different hemp themed booths.

We need people to help collect signatures to send to our congressman in Washington urging them to support Bills S.134 & H.R. 525.

We also need morning set up and evening take down people.

Hemp goodies provided, so mark your calendar to contribute a few hours on Saturday, May 9th between 8am and 5pm to help make "Hemp Alley" and Dandelion Day a successful springtime event in Carbondale. Contact Sue Gray at peacefulgarden4u@gmail.com and she'll put you on the list of volunteers.

NoCo Hemp Expo

CHEA members, Sue, Dave & Jackie attended this informative event in Loveland, CO on April 4th. It was a great day meeting and listening to some of the biggest players in this emerging industry. Hemp farmer Ryan Loflin, "Hemp Bound" author Doug Fine (pictured), our local Enviro-Textiles gals, Canadian hemp researcher Anndrea Hermann, the list goes on.

It was very uplifting to see lecture rooms packed full of people and so many different hemp vendors in the exposition hall. We hope to have even more CHEA members attend this great educational event next year.

Seeds

We now have them, and the first indoor planting at the beginning of April had an excellent germination rate (85-90%) and are looking healthy and strong.

Another Contest Begins

Find out details of how to win a basket of Hemp Products at Dandelion Day.
